AND COMMITTEE REPORTS were dispensed with.**

OLD BUSINESS:

Water & Sewer Grievance Day:

Mr. Blaise reported that he and Mr. Smith have been working on the water and sewer rolls and since last year the Board adopted a significant revision to the process by which they review all the properties, it paid dividends this year by significantly reducing the time they spent reviewing files. They found about 20 properties to review to determine if they needed an adjustment to the benefit units that were assigned to them which resulted in 15 increases and 5 decreases. Mr. Smith added this included a few parcels that had splits or combinations that Dan Giblin brought to their attention. As opposed to the involved process up until last year, this year it is based on whether there is a significant increase or decrease in the water usage, if parcels were split or combined, or if there were parcels that were just missed in the process last year. To keep on track they need to give people a chance to grieve them after receiving the increases and have the Board approve the roll and submit it to the County so they can be included with tax bills that the County will be preparing. The report was finalized last week and they did not want to wait until the end of November to hold the grievance day and public hearing. This special meeting is to approve holding the grievance day November 1st and to schedule a public hearing after which the Board will, hopefully, approve the roll.

Councilwoman Yonchuk moved to adopt resolution scheduling Grievance Day for 2017 Water and Sewer Benefit Unit Assessments for November 1, 2016 at 6:00 PM, and directing notice hereof be sent by first class mail to all accounts receiving an increase in their assessment. Councilman Diffendorf seconded.

Discussion: Councilman Diffendorf questioned if the letters have been sent out yet notifying people of the grievance date since he wants to be sure people have enough time to prepare for this. Mr. Smith said they were sent out last Friday. Mr. Blaise said the notices were mailed prior to Board approve to give people as much lead time as possible.
